

## Using Dial-Out Service

With QCONF's Dial-Out Service, your audio conferencing participants can join your [online meeting](#) just by answering the phone. It's perfect for the busy executive on the go. No more wasted time as you wait for everyone to dial in and join the teleconference. **Let your investors and Board directors know you value their time**, don't make them call and enter codes or wait for everybody to connect.

### How to use Dial-Out service on every call?

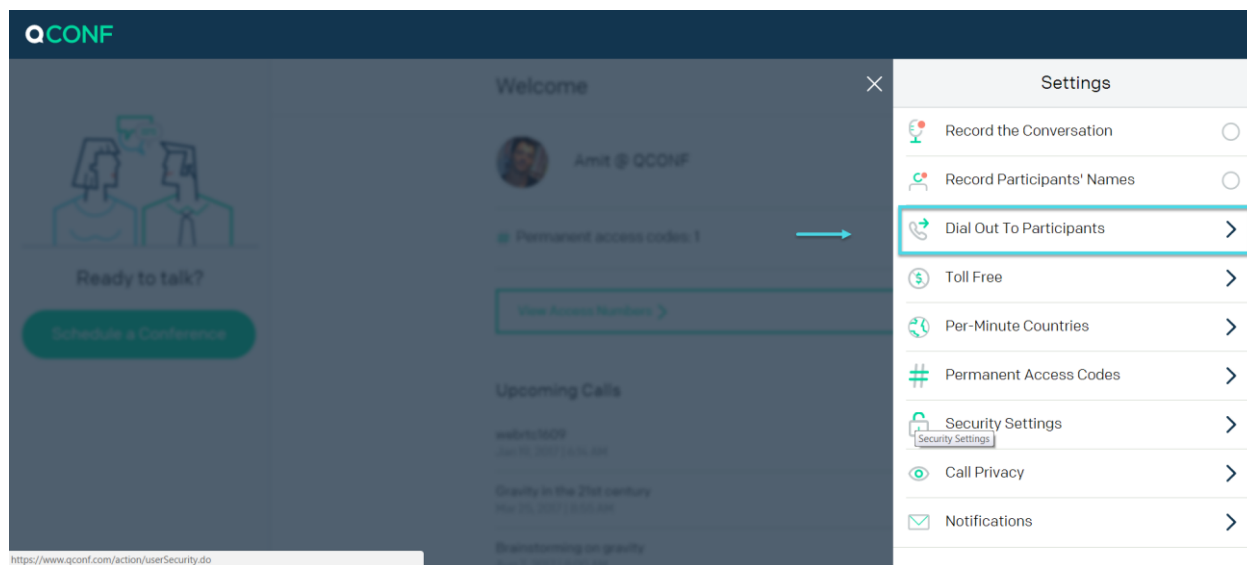

#### 1 Go To 'Settings'

After you sign into QCONF, click the drop down menu and choose 'settings'

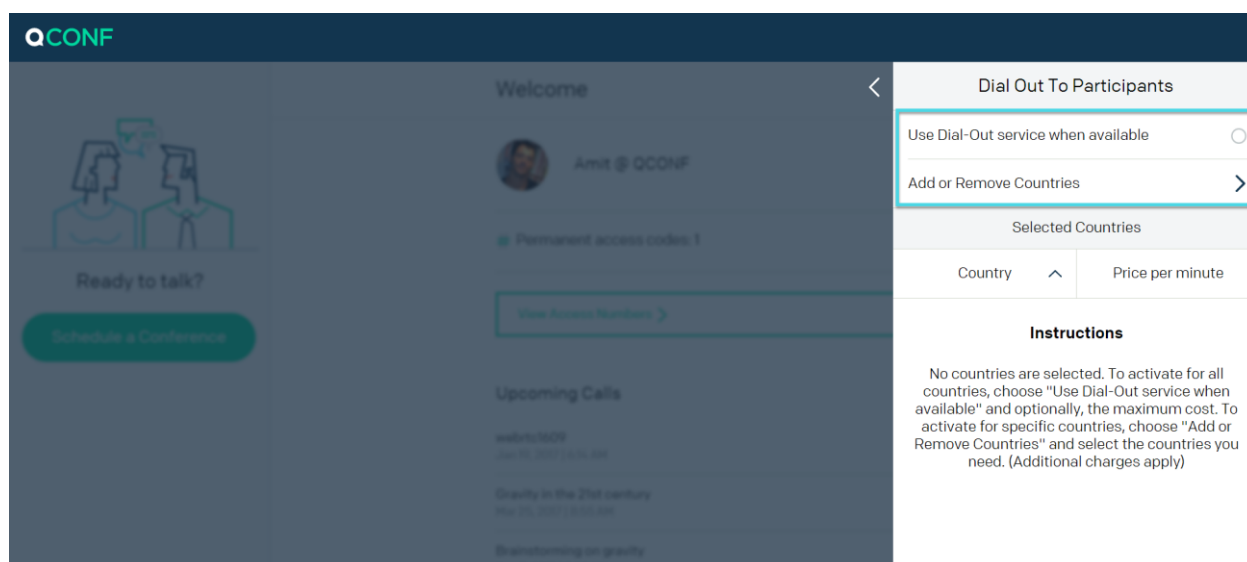

The screenshot displays the QCONF user interface. At the top, there is a navigation bar with the QCONF logo and links for 'Schedule a Conference', 'Upcoming Calls', and 'Call History'. The user's name 'Amit @ QCONF' is visible in the top right corner. The main content area is titled 'Welcome' and features a profile card for 'Amit @ QCONF' with a profile picture and a pencil icon for editing. Below the profile card, there is a section for 'Permanent access codes: 3' with a pencil icon and a 'View Access Numbers >' button. A 'Share link' button is also present. The 'Upcoming Calls' section lists three meetings: 'שיתוף פרטים' (Dec 25, 2016 | 7:31 AM), 'Gravity in the 21st century' (Mar 25, 2017 | 8:55 AM), and 'Brainstorming on gravity' (Aug 7, 2017 | 8:00 AM), each with a 'Go to meeting space' link. On the right side, a user profile dropdown menu is open, showing options for 'Personal Details', 'Settings' (highlighted with a red box), 'Status', 'Help', and 'Sign Out'. A red arrow points from the 'Settings' option in the dropdown to the 'Settings' option in the profile card.

## Choose Dial Out To Participants

In the following Screen You can make Dial-Out your default mode of conferencing. Then, when you schedule a conference call, you only need to click the numbers of the people you want to invite and the rest is done for you. You can limit the Dial-Out service only for specific countries or set a maximum price per minute.

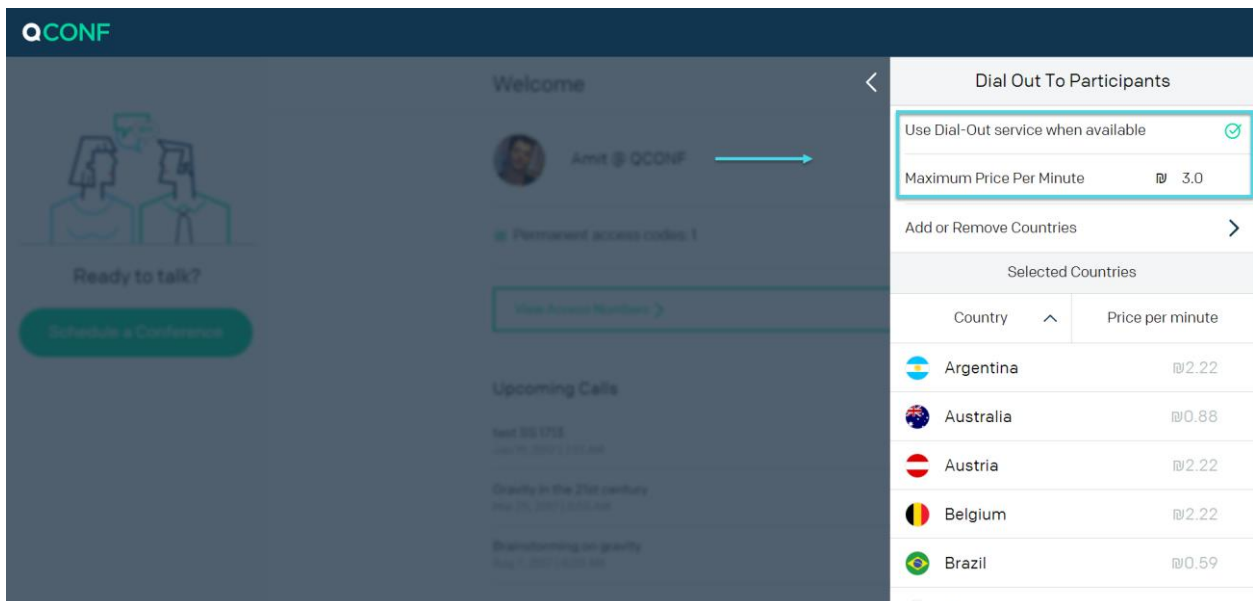

## 2 Use Dial-Out service when available

To activate for all countries, choose "Use Dial-Out service when available" and optionally, the maximum price per minute.

### What is the 'Maximum price per minute'?

The system will only dial to invitees from countries where the price per minute is under the limit.

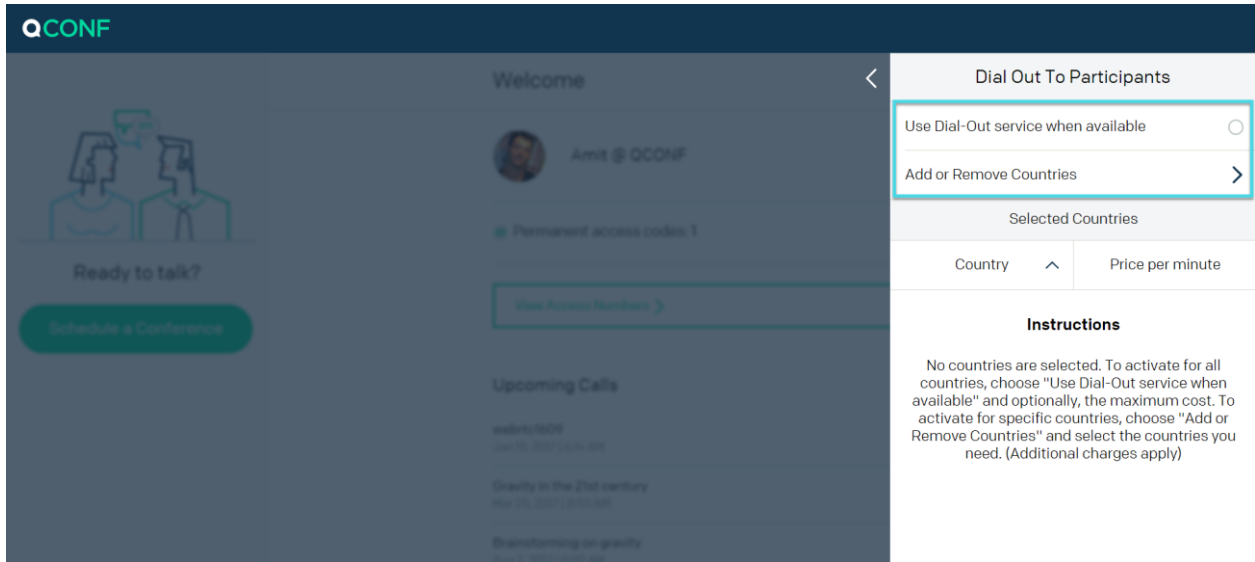

The screenshot shows the QCONF interface with a sidebar menu on the left and a main content area on the right. The sidebar menu includes options like 'Ready to talk?' and 'Schedule a Conference'. The main content area displays a 'Welcome' message from Amit @ QCONF and a 'Dial Out To Participants' settings panel. The settings panel includes a toggle for 'Use Dial-Out service when available' (checked), a 'Maximum Price Per Minute' field set to 3.0, and a section for 'Selected Countries' with a table of country names and prices per minute.

Country	Price per minute
Argentina	₹2.22
Australia	₹0.88
Austria	₹2.22
Belgium	₹2.22
Brazil	₹0.59

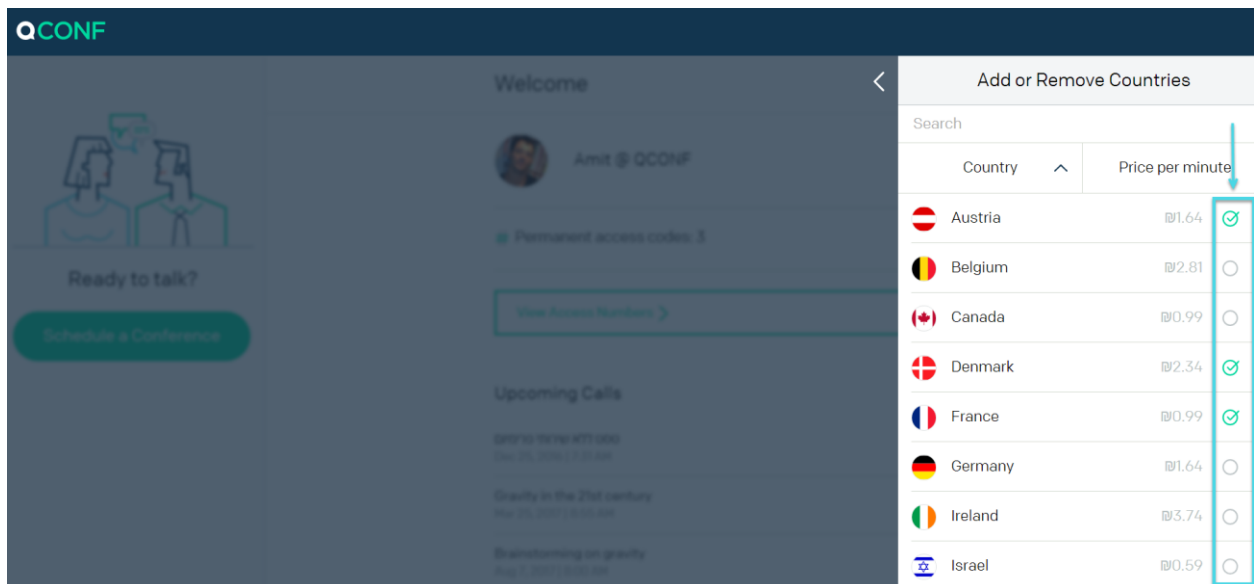

\*\* After you set it to 'Use Dial-Out service when available' the list of available countries will be displayed underneath.

### 3 Use for selected countries.

A second option is to activate for specific countries, choose "Add or Remove Countries". If invitees are located in one of the selected countries, QCONF will call and Dial them into your conference! Hands Free and Hassle Free.

Optionally include/exclude countries .

## How to invite a specific participant with Dial-Out Service?

If you only want to use Dial-Out from time to time, choose it as you Schedule a conference call. Dial-Out feature always remembers the phone numbers you enter, so the next time you create a conference call, you can simply click or tap the number you wish to use.

## What else you need to know?

- **SMS Reminders are included!**

With Dial-Out there are no mistakes. It's effortless. The participants on your call don't have to do anything but answer the phone. And you don't need to send reminders. We will notify all the conference call's participants with a text a few minutes before the call starts so everyone comes prepared.

- **Highest Security**

Keep the high level of security of a QCONF call. With Dial-Out no one can get into the call who hasn't been invited. Just lock your conference call in your online meeting room with our "invited guests only" feature.

- **Global Reach**

Dial-Out works in over 70 countries around the world, including China, Brazil, Israel, Turkey, India and Taiwan, and most countries in Western Europe and North America.
